NCUA Places O.U.R. Federal Credit Union into Conservatorship

Member Deposits Insured up to \$250,000, Member Services Uninterrupted

ALEXANDRIA, Va. (June 24, 2011) – The National Credit Union Administration (NCUA) today assumed control of service and operations at O.U.R. Federal Credit Union of Eugene, Ore. While continuing normal member services, NCUA will work to resolve issues affecting the institution’s safety and soundness.

Deposits at O.U.R. Federal Credit Union remain protected. Administered by NCUA, the National Credit Union Share Insurance Fund (NCUSIF) continues to insure individual accounts at O.U.R. Federal Credit Union up to \$250,000. The NCUSIF, like the FDIC’s Deposit Insurance Fund, has the backing of the full faith and credit of the U.S. Government.

O.U.R. Federal Credit Union is a full service financial institution that includes the residents of Lane County, Ore., participating within the past 12 months in programs of the Lane County Department of Community Health and Social Service. With assets reported at \$4.3 million in its last Call Report, service to O.U.R. Federal Credit Union’s 2,184 members will continue uninterrupted. Members can continue to conduct normal financial transactions—deposit and access funds, make loan payments, and use shares.

The decision to conserve a credit union enables the institution to continue regular operations with expert management in place, correcting previous service and operational weaknesses. During conservatorship, members may therefore continue to conduct business at the credit union.

The Federal Credit Union Act authorizes the NCUA Board to appoint itself conservator when necessary to conserve the assets of a federally insured credit union, protect members’ interests, or protect the NCUSIF. O.U.R. Federal Credit Union is the eighth federally insured credit union placed into conservatorship during 2011.

Members who have questions about the conservatorship may review the O.U.R. Federal Credit Union Frequently Asked Questions document attached to this release.

NCUA is the independent federal agency created by the U.S. Congress to regulate, charter and supervise federal credit unions. With the backing of the full faith and credit of the U.S. government, NCUA operates and manages the National Credit Union Share Insurance Fund, insuring the deposits of more than 90 million account holders in all federal credit unions and the overwhelming majority of state-chartered credit unions.
